# 3K5*plus*

The outstanding system for maximum security

## **3KS*plus* keys** | intelligent technology with functional design

The patented springless curve technology of 3KS*plus* is suitable for the toughest conditions. The distinctive tip of the reversible key offers increased comfort when inserting the key. The overlapping curves on the key guarantee the highest level of security.

**Added bonus: You can lock all doors with just one 3KS*plus* key. Whether it's the entrance, cellar, garage or annex.**

## EVVA | unique security

EVVA is constantly investing in research and is always working to develop new key technologies. This means that EVVA consistently meets the increasing requirements for security and organisation.

### **Increased security with the EVVA security card and patents**

The genuine 3K*Plus* key is produced exclusively by EVVA. Copy keys, additional cylinders and lock charts are only available at authorised EVVA partners with the relevant proof of legitimacy, i.e. the EVVA security card. EVVA is entitled to take legal actions in the event of patent violations.

## **More protection** | in any situation

The innovative technology of the 3K*Plus* cylinder offers long lasting protection against illegal opening methods: The picking and scanning protection make it virtually impossible to scan the cylinder in order to make a copy key. The springless function also offers protection against impact picking. Carbide metal elements and offer effective protection against drilling, pulling and snapping attempts.

**Choose ergonomic design keys**

3K*Plus* keys are optionally available as ergonomic high-grade design keys. The attractive design is available in many different colours.
