FPS

Branded quality at the best price

FPS. Branded quality at the best price

FPS provides an excellent and decent level of security and reliable comfort. FPS is ideally suited for small master key systems with a clear structure. Why opt for a master key system? Access all doors using only a single key – main entrance, front door, basement, letter box. The FPS key is also available as design key in various colours.

FPS benefits at a glance

- › One key fits all
 - › For master key system with a simple structure
 - › Branded quality
 - › Patent protection until 2027
-

FPS. One system, many details

FPS features a spring-loaded pin tumbler system with 5 or 6 active, spring-loaded scanning elements. FPS keys are strong, wear-resistant and durable, nickel silver keys. The authorisation features on FPS keys are verified on two security levels in the cylinder lock. FPS cylinders are exclusively manufactured in compact design.

Practical, handy and appealing

Optionally, FPS keys are available in a range of colours. The colour coding helps to easily distinguish between keys.

All-round protection

Copy keys, additional cylinder and lock charts are available from authorised EVVA Partners but only with corresponding proof of legitimacy, the EVVA security card.

Benefit from the security features

The reliable FPS cylinder technology offers lasting protection against illegal opening methods:

Drilling protection

Plug pulling protection

Unique EVVA service

Since 1919, EVVA services have been focused on customer benefits. This has resulted in market-based products, the best product and consulting service as well as an outstanding locking system expertise.

Locking systems by professionals

Master key systems define who has access to which facilities. EVVA provides comprehensive master key system and access control system expertise as well as high-performance locking systems.
